The Foundation 21 Society

The Foundation 21 Society was established in 1992 to recognize St. Mary's many partners in the community who set an exemplary standard of giving in support of work of the Sisters of Charity of the Incarnate Word. During this time, the Foundation 21 Society has raised millions to ensure continued funding of St. Mary's most essential programs and services. Under the leadership of Co-Chairs Terry and Nancy Geiling, the St. Mary Medical Center Foundation would like to thank their Fiscal Year 2015 members for their ongoing support.

Membership

Five levels of membership recognize annual gifts to St. Mary Medical Center.

\$500-\$999	General Member
\$1,000-\$2,499	President's Circle*
\$2,500-\$4,999	President's Circle Silver*
\$5,000-\$9,999	President's Circle Gold*
\$10,000+	President's Circle Platinum*

Membership gifts are payable within one year of the initial commitment and may be made at one time or paid in a schedule convenient to the donor for a period of up to one year. Memberships are good for one year from the date of the initial commitment. Membership gifts may be paid by check, cash, credit card or stock.

Benefits of Membership

The greatest benefit of membership in The Foundation 21 Society is the deep satisfaction gained from helping to maintain and enhance the exceptional health care provided to the community by St. Mary Medical Center.

Moreover, the importance of such participation is recognized in several ways. As valued members of the St. Mary family, members of The Foundation 21 Society are welcomed into the lifetime of the institution. Members receive periodic reports from the medical center and the Foundation; invitations to attend special events and programs; and are listed as members in our Engage Magazine and other appropriate publications. Membership cards, renewable annually, provide free parking at the hospital and admission and discharge privileges.

The members of The Foundation 21 Society are guests of the Sisters and the Foundation at the annual grand reception in recognition of their support of St. Mary.
